FORMER LOCAL MAN HELD UNDER BOND AT NEWPORT

Dick Davis Charged With Assault and Battery is Held for Grand Jury Investigation Under \$10,000 Bond.

The following from the Newport news in the Cincinnati Commercial Tribune refers to a former Maysville man:

"Dick Davis, 34 years old, of 211 Broadway, Cincinnati, was bound over to the grand jury on a \$10,000 bond yesterday morning by Judge Matt Moore in Police Court. Davis is charged with assault and battery and highway robbery by John Gray, 50 years old, of Front and Monmouth streets. Gray, it is alleged, was beaten up and robbed on Front street under the Central bridge on Sunday night."

"Following the holdup Gray was taken to Speer hospital. He was brought here yesterday from the hospital to testify. Davis pleaded not guilty to yesterday morning's hearing. An effort on the part of his attorney, Frank Spitzelberger, to have his bond reduced failed."

SHORT SESSION OF COURT EXPECTED MONDAY.

The September term of the Mason Circuit Court opens at the court house on Monday morning. As Monday is Labor Day, it is expected that Monday's session of court will be a short one. The grand jury will be selected and instructed but little other business is expected to be taken up before Tuesday.

STATE NATIONAL TO MOVE MONDAY.

NEICE OF LOCAL MAN STARS IN BIG PICTURE

The Star of "The Family Honor" Shown Here Today is Niece of Mr. Charles E. Deltrich.

Florence Vidor, the star of "The Family Honor," the big feature picture being shown at the Gem Theatre today is a niece of Mr. Charles E. Deltrich, Maysville man. The picture was shown last night at the Washington Theatre and everyone who saw it was more than pleased with the theme and the beautiful photography.

The scene is laid around an old-fashioned Southern homestead and the story has to do with three members of an aristocratic old Southern family, whose finances have run low. The oldest son, to whom the sister and her younger brother had looked for rescue from poverty turns out to be a gambler.

Love and politics figure in the story and it is all set in the most beautiful of Southern scenery.

Miss Vidor has been doing some splendid work for the First National but she has never been seen in a picture to better advantage than in "The Family Honor."

BIG SHIPMENT OF LIQUOR IS SEIZED

Cincinnati Police Capture Truck Hauling 185 Cases of Liquor for New York.

A truck containing 185 cases of whisky, valued at about \$55,000, was turned over to government officers Saturday by the police of Cincinnati.

The liquor was found in a garage at 415 West Court street Friday night by Emmet Kiryat, detective chief, and William Luhn and Fred Kemman, detectives.

Edward Menninger, of 1550 Donaldson place, driver of the truck, said he was hired at Sixth street and Central avenue by two strangers to transport the liquor to New York City. Menninger said the men took his machine, giving him \$5,000 security for its safe return. When they reappeared the truck was loaded with the liquor.

Menninger said he was assured the men had government permits for the transportation of the liquor. When he arrived in New York the men were to relieve Menninger of the truck until after the cargo was unloaded, Menninger said.

Prohibition agents are searching for the strangers. Menninger says he did not learn their names.

BRACKEN MISSION BOARD MEETS HERE TODAY.

The District Mission Board of the Bracken Association of Baptists holds its first meeting at the First Baptist church in this city today and much important business is to be transacted by the members of the board who represent the 28 Baptist churches in this section of Kentucky and Southern Ohio.

Rev. and Mrs. Harold Beatty, after a visit with Mrs. Beatty's parents, Rev. and Mrs. John Mullen, left today for Madearyville, Ind., where Mr. Beatty has accepted pastorate of the Christian church. They were formerly located at East Liverpool, Ohio.

Mrs. M. E. Mulligan suffered an attack of acute indigestion last night at her home in Lower Market street and for a time was in a very critical condition but is reported some better this morning.

Mrs. Harry A. Ort, of Front street, returned last night after a visit with relatives at Detroit, Mich.

COAL FOR 150 YEARS.

There is comfort, though cold comfort it may be, in the announcement that there is plenty of coal—in the ground. At a recent convention of coal experts it was reported that the hard coal in this country will not give out for 150 years and the soft coal is virtually inexhaustible.

J. W. Paul, chief coal mining engineer of the United States Bureau of Mines, is quoted as saying that there is enough to supply the American people for 6,000 years. Few persons have any interest extending beyond that time. It is a period as long as the traditional age of the world. If the soft coal lasts as far into the future as from the present time back to Adam there is no need of worrying.

Some coal men may question these figures. They are not given as accurate, for there is no possibility of compounding the future population of the country and its fuel needs. But any one who has looked into the matter will grant that not even the remotest generation in which living men

READING BY CAMERA.

There seems to be no limit to the development of modern conveniences. Now it is to be made possible for persons wishing to use public library reference books to make their notes and keep their records by the simple process of taking a few snapshots. A camera with a special type of lens has been invented for use in libraries. The referee reader need only turn to the pages he is interested in, then take the pictures. He will therefore avoid elaborate tracing of drawings or designs, copying of statistics of quotations, and long hours of reading in the library.

His finished pictures he can put directly into his notebook, studying them at his own pleasure instead of within library hours.

To the ordinary reader this method presents some slight difficulties. The high cost of developing and printing is one of them. Another lies in the temptation to mid danger of getting a great deal more material than one really needs and so cluttering up one's notebook or desk.

In the small library however there would be one great danger. It would shorten an individual's use of certain reference volumes, making them available to more readers in a given time.

GOOD HEALTH HINTS

Oklahoma Farmer Gives Sound Advice on Avoiding Sickness.—Used Black-Draught 30 Years.

Cameron, Okla.—"I have used Thedford's Black-Draught for about thirty years, and certainly ought to know by this time what a good medicine it is," says Mr. T. L. Bostier, a well-known farmer of this place. Mr. Bostier has passed his three-score-and-tenth year, but declares his health still is good, "and I can say Black-Draught did its part."

"Where there is a lot of malaria, a liver medicine is a necessity, and we have never found one better than Black-Draught," continues the Oklahoman. "It is one that I know to be reliable. I sure use it for the liver, stomach, constipation, indigestion, and it has done me a world of good. We use it for the family, and it gives satisfaction."

"Most trouble or sickness comes from the liver, and it taken in time can be avoided. That is why I use Black-Draught as I do. I am much pleased with results obtained."

Thedford's Black-Draught is purely vegetable. It acts on the bowels, gently stimulating the liver, and helps increase the normal flow of bile into the intestines. It assists in the digestion of food, and relieves constipation in a prompt and natural way.

PECULIAR PENALTY FOR THE MURDER OF HIS OWN FATHER

Ohio Boy Must Spend Three Days on
Each Anniversary of His Crime

In Solitary Confinement
Contemplating.

Hilliard, Ohio, Sept. 3.—Russell Gotherman, charged with murder in the first degree for killing his father, entered a plea of guilty to murder in the second degree Monday morning. He was sentenced to imprisonment for his natural life in the Ohio penitentiary by Judge McBride. Judge McBride placed an unusual condition in the sentence. On each year at the anniversary of the terrible crime for three days and four nights Gotherman is to be placed in solitary confinement. The crime was committed on December 1, 1919. On November 29th of each year at 3 p. m. Gotherman is to be placed in solitary confinement and kept there until December 3, at 9 a. m. The Judge recommended that he spend his time in meditation on his crime and urged that he repent his awful sin and pray for forgiveness.

The crime to which Russell Gotherman pleaded guilty is one of the most brutal and abominable in the history of this county. His father, James Gotherman, was a wealthy farmer of the East Danville neighborhood. He was a recluse and very peculiar. He had been confined at one time in the state asylum for the insane and had hallucinations that people were trying to kill him and rob him. He thought once that his wife had been poisoned and built an enclosure around it and kept the door to it locked. He carried a revolver strapped around his wrist.

He was divorced from his wife, who with their two sons lived near Washington.

The first of last March the body of Gotherman was found dead in his bed at his home near East Danville. He had not been seen since the Thanksgiving before. It was thought that he was visiting relatives in Illinois. An examination of the body showed a bullet hole through the center of the forehead and that he had been dead for months. The body which was covered with bed clothes was frozen.

It was a great surprise when Russell Gotherman was arrested in Dayton a few weeks ago and the missing bonds, amounting to \$17,400 found on him. At that time he confessed to killing his father but claimed that it was done in self-defense during a quarrel. He gave no satisfactory explanation as to why he took the bonds.

WOMEN SHOULD TAKE WARNING

If the statement made at a New York Assembly of women, that healthy American women are so rare that they are almost extinct, is true, it is time for the women of America to take warning and look to their health. It may be headaches, backaches, dragging down palms, nervousness, mental depression that are tell-tale symptoms of some organic derangement for which Lydia E. Pinkham's Vegetable Compound—a simple remedy made from roots and herbs—is a specific and may be relied upon to restore women to a healthy normal condition.

PHONE RATES INCREASE AT MT. STERLING.

All subscribers of the Cumberland Telephone and Telegraph Company at Mt. Sterling not taking the unlimited service are paying 5 cents for each call to any telephone in the county outside the city limits.

By using the unlimited service the rate on business telephones is raised \$1 and that on residence telephones 50 cents over the old rate as provided by the franchise granted the company several years ago.

Editor Otis White, of the Manchester Signal, is in Maysville today on business and paid the Ledger office a very pleasant call. Mr. White is now giving Manchester one of the best weekly newspapers in the Ohio valley and deserves the splendid support he seems to be receiving from the Adams county people.

ANOTHER FISH STORY COMES FROM OHIO

Charm Lost Several Years Ago By River Man Found In Fish In Indiana.

Batavia, Ohio. — County Auditor H. C. Reed received a letter on Monday of this week from Cannetton, Indiana, in which was returned to the Auditor the Masonic charm. The letter writer said that the charm was taken from the stomach of a large catfish which he caught a few days ago.

The charm is of German silver and becides the name and address of Mr. Reed, was dated in 1911. Mr. Reed stated that when the charm was lost he was employed on the steamer Greenland. He was helping unload some freight at Huntington, W. Va., when the key ring containing several keys and the charm was torn from his belt and dropped into the river. It is evident that the fish, swimming near at that time, swallowed the keys and all. Mr. Reed is of the opinion that the keys rusted away while in the stomach of the fish, but the locket charm, being of silver, was preserved during these nine years.

A very interesting letter accompanys the charm from the fisherman who "pulled in" the three-pound entish which carried the prize.

Mr. and Mrs. D. H. Harrison and son are spending the day in Cincinnati.

KENTUCKY COAL MEN APPEAL TO PRESIDENT

Kentucky Coal Operators Ask That Attorney Slattery's Investigation Be Discontinued.

Washington, Sept. 3. — Representatives of 75 Eastern Kentucky coal operators, among them E. L. Douglas, Cincinnati, are in Washington to endeavor to have the President authorize Attorney-General Mitchell Palmer to fix a price on coal mined in Eastern Kentucky. They are seeking also to have the Attorney-General postpone the investigation of alleged profiteering in coal until action has been taken by the Supreme Court of the United States on the constitutionality of the Lever act.

The committee today called at the offices of the Attorney-General and the Interstate Commerce Commission. They requested the Attorney-General to discontinue the investigation begun by Thomas D. Slattery, Covington, United States District Attorney for the Eastern District of Kentucky, on the ground that, since there is no fixed price for coal, it is not possible for them to determine what the uniform price should be. It is understood the Department of Justice will not accede to their request.

Members of the committee said today they would renew their efforts to have the Government fix a price on coal mined in Eastern Kentucky.

PROMINENT OIL MAN DIES.

Dudley H. Foster, 50 years old, wealthy independent oil operator and president of the Kentucky Oil Men's Association, died last night at 8:05 o'clock at St. Joseph's Hospital Lexington from an acute attack of Bright's disease.

Mr. and Mrs. Lee Binder left this morning for Louisville where they will make their home.
